

DECORAL[®] ANTIBACT

POWDER COATING AND DECORATION ON METALS

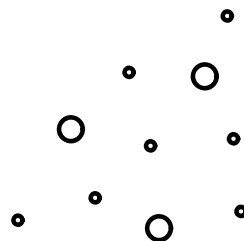

ANTIBACTERIAL POWDER
ON METAL SURFACES

DECORAL[®] ANTIBACT

PROUDLY MADE IN ITALY

DECORAL® ANTIBACT

CHE COS'È?

DECORAL® ANTIBACT è una serie innovativa di polveri per verniciatura caratterizzate dalla presenza di additivi che rendono le **superfici inattaccabili da batteri e microorganismi**.

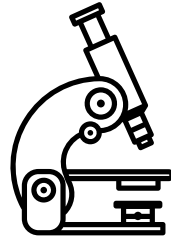

Queste speciali additivazioni, infatti, **annientano sul nascere la proliferazione batterica, per almeno 10 anni, 24 ore su 24, 7 giorni su 7.**

WHAT IS IT?

*DECORAL® ANTIBACT is an innovative series of powder coatings with additives that **inhibit the growth of bacteria and microorganisms** on powder coated surfaces.*

*These special additives, in fact, **nip bacterial growth in the bud, for at least 10 years, 24 hours a day, 7 days a week.***

TEST

1

Le finiture sono state **testate in un laboratorio indipendente in Giappone** che ne ha certificato la completa efficacia antibatterica **contro Escherichia Coli e Staphylococcus Aureus**.

2

Le polveri sono state sottoposte a test specifici di invecchiamento accelerato simulando l'**esposizione della superficie verniciata per un periodo pari a dieci anni**: la capacità antibatterica al termine del test si è dimostrata inalterata, mantenendo il **100% della propria efficacia**.

1

The products have been tested in an independent laboratory in Japan which has certified their antibacterial efficacy against Escherichia Coli and Staphylococcus Aureus.

2

The powders were subjected to specific accelerated weathering tests simulating a 10-year exposure: at the end of the test the antibacterial activity remained unchanged, showing 100% resistance to bacterial growth.

VANTAGGI

ADVANTAGES

Un potere aggiunto per le superfici metalliche
More powerful metal surfaces

Azione mirata che azzerla la proliferazione di batteri.
Specific action that inhibits bacterial growth.

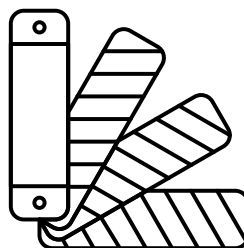

Durata 24 ore su 24, 7 giorni su 7 per almeno 10 anni
su qualsiasi superficie.
*Effective on any surface, 24 hours a day, 7 days a week
for ten years.*

Prodotto certificato da ente terzo che ne garantisce
al 100% l'efficacia.
*Product certified by a third party which guarantees
it is effective against bacteria.*

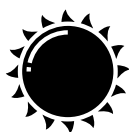

COLORI INFINITI

COUNTLESS COLOURS

Incorpora il potere antibatterico a qualsiasi tipo di finitura

A powerful formulation for metal surfaces

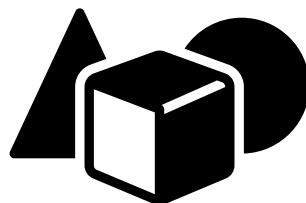

- Qualsiasi colore RAL con effetto lucido, opaco, raggrinzato o polveri speciali;
 - decorate con essenze naturali come legno (ciliegio, noce, rovere e molti altri) marmo, granito e tessuto;
 - stampe digitali personalizzate.
-
- *RAL colours with glossy, matt, textured effect and special powder coatings;*
 - *decorated with natural textures such as wood (cherry, walnut, oak and many others) marble, granite and fabric;*
 - *custom digital prints.*

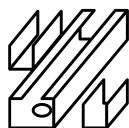

Il prodotto è utilizzabile anche su finiture
adatte ad uso esterno

*The product can also be applied on finishes
suitable for outdoor use*

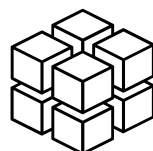

POSSIBILI APPLICAZIONI SU METALLI POSSIBLE APPLICATIONS ON METAL SURFACES

Profilati per serramenti, facciate e cornici metalliche
Profiles for doors and windows, facades and metal frames

Lamiere piane e piegate per rivestimenti di pareti mobili,
banconi, tavoli e scaffali
Flat and bent metal sheets for movable walls coverings

Componenti e oggetti 3D
3D components and objects

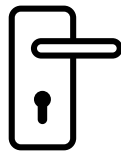

OVUNQUE SI TOCCA CON LE MANI

WHATEVER SURFACE YOU TOUCH

Applica il potere antibatterico a qualsiasi tipo di oggetto o superficie metallica che si può toccare con le mani

Apply the antibacterial formulation to frequently touched objects or metal surfaces that are frequently touched

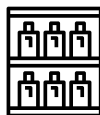

Maniglie di porte o finestre
Doors and windows handles
